1. GENERAL COUNTRY INFORMATION

1.1. Geography and Population

Cyprus is situated in the Eastern Mediterranean Sea, at the hub of three continents where the trade routes intersect. It is the third largest island in the Mediterranean Sea after Sicily and the Sardinia. The total area of the island covers 9,251 square kms. The area of Turkish Republic of Northern Cyprus (TRNC) is 3,242 square kms. The nearest neighbouring country to Cyprus is Turkey which lies at a distance of 65 kms to the north. Cyprus is located 100 kms west of Syria and 420 kms north of Egypt.

Midyear de-jure population estimate of Turkish Republic of Northern Cyprus in 2011 is 286,257. The 2017 population projection is 351,965, was estimated by State Planning Organization.

The capital Lefkoşa is the largest city of TRNC. The other major towns are Gazimağusa and Girne which are located on the coast. Güzelyurt and Lefke are two towns which are famous with the large citrus orchards.

The official language is Turkish but English is widely spoken and understood in official and commercial circles. The religion is Islam, with Muslims making up 99% of the population.

1.2. Climate

Turkish Republic of Northern Cyprus has a typical Mediterranean climate with about 300 days of sunshine per year. It enjoys dry, warm summers and mild winters. The bulk of the rain falls during the period from November to March. The coldest month is January having minimum and maximum mean temperatures of 6 oC and 16 oC respectively. In the hottest month August the corresponding minimum and maximum mean temperatures are 21oC and 35 oC.

1.3. Political System

There is a multi-party of democracy in TRNC where human rights, political pluralism and private property are safeguarded. The head of the state is the President of the Republic who is elected by universal suffrage for a period of five years. Legislative power is exercised by the

Assembly of the Republic which consists of fifty deputies. The country is managed by a Council of Ministers led by the Prime Minister who is appointed by the President. Elections are held freely every five years, based on universal suffrage.

1.4. Money and Banking

The official currency in TRNC is Turkish Lira ("TL). Real persons and corporate bodies are free to keep and save foreign currency, to use foreign currency as a means of foreign exchange and to express in foreign currency figures appearing on payment orders and contracts.

The official rates of exchange are fixed daily by the Central Bank and announced. Banks, foreign exchange bureaus and the Central Bank are free to fix different rates of exchange for the purchase and sale of foreign currency.

There is a developed banking system in TRNC. In addition to the Central Bank and the Development Bank there are 21 onshore commercial banks and 7 International Banking Unit (IBU) exist. Banks are free to keep foreign currency, act as intermediary in import and export transactions, accept foreign currency savings, engage in purchase and sale of foreign currency, deal in bonds required to be paid in foreign currency, give foreign currency loans, engage actively in money and foreign currency markets and in compliance with international banking usage, to deal in every kind of foreign currency transactions.

2. FOREIGN INVESTMENT POLICY

Encouragement of foreign investment is among the primary objectives of the Turkish Republic of Northern Cyprus' development policy. Consequently, those wishing to invest in Turkish Republic of Northern Cyprus can be sure of a positive Government attitude.

In accordance with its development policy, Northern Cyprus is giving preferential treatment to export-oriented industries. Due to its small domestic market, the TRNC authorities focus on export of goods and services. Priority is given to those projects that facilitate transfer of modern technology, know-how, new management techniques into the TRNC and that provide highest value added. However, it should be mentioned that every project proposed by an investor will be considered on its own merits.

Co-operation between local and foreign firms in the form of joint ventures is actively promoted, and Northern Cyprus offers numerous advantages and incentives to the foreign investor including full protection of his property rights. Nationalization has never been part of government policy nor is it contemplated in the future. The Constitution of TRNC guarantees the right on private property while it does not discriminate between citizens and aliens.

The fixed capital investments have been 1,814.13 million TL at current prices in 2016. The public sector financed 12.6% of total fixed investments and the remaining 87.4% was financed by private sector. Public services with %35.2 and transportation-communication sector with %30.7 constituted the biggest shares of the public sector investments. On the other hand private sector investments have been concentrated mostly on dwelling with 45.7% and, business and private services 17.1%.

Under the Incentive Law, 601 incentive certificates have been granted until the end of the year 2017. The total of fixed investments with incentive certificate amounted

9,620.28 million TL. Tourism sector has the highest share in fixed investments and this sector occupies 79.06%. Industry and education dorm investments follow it with 8.84% and 7.60% respectively.

3. INCENTIVES FOR INVESTORS

3.1. Investment Incentives Applied Under The Incentive Law

The following incentives are applied to investments with Incentive Certificates, regardless of whether an investor is local or foreign. Incentive Certificates are granted from the State Planning Organization.

- **Investment Allowance**

Investment allowance is 200% on the initial fixed capital investment expenditure for the investments to be made in the Development Priority regions determined by the State Planning Organization in the development plans and / or annual programs.

Investment allowance is 100% on the initial fixed capital investment expenditure for the investments in other sectors and regions.

Güzelyurt, Lefke, İskele and Geçitkale were determined as Priority Development Regions by the Council of Ministers.

- **Exemption from Custom Duties and Funds**

Import of machinery and equipment concerning the project are exempt from every kind of custom duties and funds in accordance with Incentive Certificate.

Having satisfied the required registration conditions the businessman or company is awarded a certificate of incorporation by the Official Receiver and Registrar and henceforth as a legal person may engage in investment activities in TRNC.

4.2. Investment Development Agency (YAGA)

Cyprus Turkish Investment Development Agency (YAGA) is established with the aim of to promote investments necessary for economic development of TRNC, contribute in improving the investment climate and determining promotion strategies.

The Agent, provides necessary information and consultancy services to investors, before, during and after the investment in cooperation with the relevant institutions.

YAGA supports the investors in all their administrative process dealing with bureaucracy such as obtaining licenses and starting a business.

4.3. Import and Export Procedures

4.3.1. Import Procedure

Firms wishing to engage in import business must register with the Chamber of Commerce or with the Chamber of Industry.

Necessary import permission may be obtained on application from the Department of Trade.

Highly developed local banking services are available to meet the needs of both importers and exporters.

Necessary measures have been taken to further simplify import procedures and to minimize any bureaucratic impediments in this area.

4.3.2. Export Procedure

Any registered company may obtain a general export licence from the Department of Trade. Generally no restrictions on exports exist.

4.4. Property Ownership

Foreigners wishing to purchase immovable property in the TRNC have to apply to the Ministry of Interior and obtain approval from the Council of Ministers.

4.5. Trade Marks

Trademarks are registered initially for seven years and are renewable for periods of 14 years.

5. TAX RATES

5.1. Personal Income Tax and Corporation Tax

All companies and other corporate bodies, except cooperative societies, are chargeable with Corporation Tax.

Corporations which are registered in the state as "Local Companies" are chargeable with 10% tax on chargeable income.

Corporations which are "Foreign Companies" whether registered in the state or not, are also chargeable at the rate of 10% on chargeable income only derived from trade or other income in TRNC.

A corporation is "Locally Registered Company" in the case where the central management and control of its business is in TRNC. For tax purposes, all profits of such companies, including profits from other countries are liable to Corporation Tax, but for the avoidance of double taxation a set off for similar tax paid abroad is allowed. Corporation Tax is paid in two instalments; May and October of each year.

In addition to the Corporation Tax liability the corporations which are specified under the Corporations Tax Law have to withhold income tax at source at a standard rate of 15% on the net chargeable income after corporation tax is deduced. Companies (registered in the state) engaged in education and health facilities and engaged in industrial activities in the regions approved by the council of Ministers, withhold income tax according to the Undistributed Profit/Paid Up Capital ratio (This ratio must not exceed the standard rate).

Foreigners operating in the field of transportation, including corporations, shall not be subject to withholding tax on taxable income to be ascertained under the provisions of the Corporation Tax Law and the Income Tax Law.

The net amount of earnings and revenues obtained from all sources within the borders of the Turkish Republic of Northern Cyprus in a calendar year depends on the Income Tax.

For permanent residents income arising within or outside the TRNC is subject to income tax, but for the avoidance of double taxation a set off for income tax paid abroad is allowed.

Before income tax is charged, allowances granted to individuals under Income Tax Law are as follows;

- Contributions to Social Security Funds
- Personal Allowance
- Private Allowance

- Wife Allowance
- Child Allowance
- Having more than 3 Children Allowance
- Disability Allowance

Individuals are liable to income tax under a progressive tax system. The personal income tax is levied at the statutory rates ranging from 10% to 37%.

5.2. Value Added Tax

Value Added Tax was introduced in 1996 as a Consumption Tax. Five VAT rates are applied in accordance with VAT rates regulation. Applied VAT rates are: 0%, 5%, 10%, 16% and 20%.

6. FREE PORT AND ZONE

The Government of TRNC is keen to encourage foreign capital investment, either in the form of joint-venture or independently, through capital commitment or introduction of improved technology in all sectors. The Gazimağusa Free Port and Zone covering an area of 115 acres offers foreign investors excellent opportunities for transit trade as well as manufacturing opportunities for middle-east and near-east countries.

The Free Port and Zone Law states that only 'Approved Enterprises are entitled to operate and erect concerns in the Free Port and Free Zone Areas'. An "Approved Enterprise" is defined as one which has received approval from Free Port and Zone Council to function in the Free Port and Zone Areas. Applications for "Approved Enterprise" status are to be submitted to the Free Port and Zone Council on forms supplied by this body.

Operations and activities permitted in the Free Port and Zone Areas are as follows:

- Engaging in all kinds of industry, manufacturing and production.
- Storage and export of goods imported to the Free Port and Zone Areas.
- Assembly and repair of goods imported to the Free Port and Zone Areas.

- Building, repair and assembly of all kinds of ships.
- Banking and Insurance services.
- Any other kind of activity approved by the Council of Ministers.

Investors applying to the above activities are charged a fee up to 1000 \$, this fee being changeable according to the activity undertaken.

Incentives provided to businesses established in the Free Port and Zone are as follows:

- All income derived from activities and operations undertaken by investors in the Free Port and Zone are exempt from Corporate and Income Tax. This exemption does not apply to the exports of goods and services not manufactured and undertaken in the Free Port and Zone and that are directed to the TRNC.
- No limit on repatriation of profit and capital
- Exemption from custom duties and indirect taxes.
- Permission to employ foreign expert, engineer and technical personnel.

In addition to the above incentives there is ample supply of skilled and unskilled labour and wages are reasonable. The Port's handling charges are much lower than the other neighbouring ports. The port, which is geographically well located, offers sufficient covered storage area, experienced stevedoring and good security. A sound and receptive civil service, coupled with minimum of formalities, provides investors and dealers with a favourable working climate. All types of port machineries (fork-lifts, cranes etc) are available.

7. INDUSTRIAL ZONE
